Production Worker – Fulltime Starting Pay - \$12.28/hour

General: Employee operates and performs a number of routine material handling functions on a variety of woodworking machines and equipment in a high volume manufacturing facility.

Primary job functions and responsibilities:

- The stacking and unstacking boards from surfacing and ripping operations and performs other machine tending, feeding, unloading, defecting and rework functions.
- Must have the ability to orientate boards in the correct manner for grading, defecting, reworking and finger jointing operations.
- Once trained, must maintain satisfactory levels of productivity, quality and work in a safe manner at all times.
- Ability to assist in other areas within the plant involving, but not limited to; machine tending, feeding, unloading, defecting and the reworking of material as directed by Supervisor or Lead Person
- Must be willing to work overtime, rotate jobs assignments to reduce the potential for work related injuries and to improve cross training; must demonstrate a positive work attitude and willingness to work cooperatively with co-workers and management, etc.

Job Requirements:

- The employee must regularly handle, lift, push and/or pull material weighing up to 25lbs frequently and up to 50lbs occasionally.
- Must be capable of performing job duties that requires standing and involves twisting, bending, pulling and pushing with a high degree of frequency, requiring concentration, good hand/eye coordination, strength and balance.
- While performing the duties of this job, the employee is regularly exposed to work near moving mechanical parts, machines and equipment.
- The employee is regularly exposed to dusty conditions.
- The employee is regularly exposed to a high noise environment.
- The employee at times may be exposed to outside weather in all conditions.
- High School Diploma or GED equivalent preferred.
